

TRA Art Exhibition Oct 23rd-25th An Mordos Greenaway.

The Art exhibition was a great success. Earlier in the week Patricia stripped her house of all her own art. She arranged for extra picture rails to be fitted, and began to hang over 80 pictures, with help from John and several other artists.

Other valliant helpers started to do a leaflet drop to as many houses, shops and letting agencies as possible. We printed over 800 leaflets. Posters were put up a couple of days before, and signs to make sure everyone would find the house. It was awful weather, so many thanks to them.

By Friday all was ready. Signs directing people all round the house were in place, to make sure all pictures were seen. Covid aware precautions reminded everyone to wear a mask, use sanitiser and keep their distance. Money collection was organised, databases printed, raffle tickets ready.

Saturday morning arrived, windows were thrown open and people came! Lots of people. We organised our volunteers to help on the cash desk, to welcome visitors, help with purchases etc. On Saturday evening we had a TRA drinks party, which was well attended. Thanks to everyone who baked and brought nibbles.

By Monday at 5.00pm when the exhibition ended, we had made £7599.23p. After various costs had been deducted, and artists paid their 60%, the amount we raised for Charity was £3040. This will be divided up between the Daymer bay Loo fund, and the Cornwall air ambulance. Very well done and a huge thankyou to all our artists, organisers, helpers and to everyone who came and supported this brilliant event. We all thoroughly enjoyed it, even though it was hard work, and completely disrupted Patricia and John's lives! Thank you for being so generous. Here are a few pictures. We hope to put them all on the website and Instagram. We will do an email shot to you all when this is done.

Best wishes to all from Clare Beard and Patricia Glasswell.
